3. The share of an excluded municipal borough, or of a county, in any constituent part of the Guarantee Fund in which such excluded municipal borough or county may be entitled to participate, shall be ascertained on the basis of the sums distributable in respect of the complete areas and the portions of intersecting areas situate within the limits of such borough or county. Provided that the share of an excluded municipal borough, in the Exchequer contribution, shall be ascertained in the manner provided by Sect. 5, Sub-sect. 2 (3) of the Act.

Share of excluded Municipal Boroughs and Counties.

4. The Lord Lieutenant may, whenever he may deem it expedient for the purposes of these regulations, upon the recommendation of the Commissioners of National Education as regards model schools and national schools, and of the Inspector of Industrial Schools as regards industrial schools, declare what districts are benefited by such schools respectively, and thereupon such districts respectively shall be school areas for the purposes of these regulations.

School Areas.

Intersecting Areas. 5. With respect to intersecting areas, the following provisions shall, if and when necessary, have effect, that is to say:—

- (i.) (a.) Where a local area is situate in two or more counties, or in a county and an excluded municipal borough; and
- (b.) Where a local area is situate in two or more larger local areas; and
- (c.) Where a holding is situate in two or more local areas; such holding or local area shall for the purpose of these regulations be deemed to be partitioned or divided, and each portion thereof shall be considered as part of the county, excluded municipal borough, or larger local area (as the case may be) within which the same is situate.
- (ii.) All sums payable in respect of an intersecting area or holding shall be apportioned in proportion to the rateable value of the sections into which it is deemed to be divided.
- (iii.) No partition shall be made under this regulation which would result in cutting off an insignificant section, that is to say, with reference to a county, excluded municipal borough, or local area a section of a less annual rateable value than 100*l.*, and with reference to a holding a section of less annual rateable value than 50*l.*

Valuation of New and Intersecting Areas. 6. The Chief Commissioner of Valuation shall, on the requisition of the Chief or Under-Secretary or of any administrative authority requiring the same for the purposes of these regulations, cause any new area, and also the several sections of an intersecting area or holding to be separately valued.

Ratio of apportionment of the Guarantee Fund. 7. Any apportionment of the Guarantee Fund, or any portion thereof for the purpose of these regulations, shall, unless the contrary is specified, be made on the following basis (hereinafter called the prescribed basis), that is to say, on the basis of the financial year in which the apportionment is made (hereinafter called the financial year of apportionment), according to the best estimate which can be formed of the amount of the Fund, and the several constituent parts thereof, to become distributable during such year.

Provided always that if the proportions in which the Guarantee Fund, or any constituent part thereof, is properly distributable cannot be approximately ascertained in any financial year before the 1st day of June, it shall be presumed to be distributable on the basis of the preceding financial year, or when this cannot be ascertained, on the basis of the preceding calendar year; and in any such case the administrative authority, whose duty it is to furnish the estimate hereinafter mentioned, shall make out such estimate on such presumed basis.

Ascertainment of the Share of a County in the Guarantee Fund. 8. The share of a county in the Guarantee Fund and the several constituent portions thereof for any year shall be ascertained in the following manner, hereinafter called the prescribed manner, that is to say:—

- (i.) All sums paid to the Guarantee Fund in respect of arrears of purchase annuities shall be excluded from consideration.
- (ii.) The appropriate administrative authority shall, on or before the 1st day of June in each year furnish to the Lord Lieutenant an estimate, hereinafter called the prescribed estimate, of the sums distributable in the annuities respectively during the current financial year, out of the portions of the Guarantee Fund with which such authorities are respectively concerned.
- (iii.) In the succeeding financial year, together with the prescribed estimate for that year, the administrative authority shall furnish to the Lord Lieutenant an account, hereinafter called the prescribed account, of such sums as were actually distributable per county in the preceding financial year: or calendar year, if so taken under Reg. No. 7.
- (iv.) The prescribed estimates shall be tabulated in the Chief Secretary's Office in the form set out in the Schedule hereto, hereinafter called the Provisional Apportionment Table, which shall be signed by the Chief or Under-Secretary, and when so signed it shall be lawful to distribute the Guarantee Fund for the financial year of apportionment and the several constituent parts thereof amongst the counties in the proportions set opposite their names respectively in the Provisional Apportionment Table. Provided always that it shall be lawful for the Lord Lieutenant on the recommendation of the appropriate Administrative Authority, or for the said Administrative Authority, as the case may be, to make, pending such Provisional Apportionment as aforesaid, interim payments of such amount as they may deem advisable to or in the counties respectively on foot of their respective expected shares in such constituent part of the Guarantee Fund.
- (v.) When the prescribed accounts have been received, all necessary corrections shall be made in the Provisional Apportionment Table for the preceding year, which, when so corrected, shall be signed by the Chief or Under-Secretary, and when so signed, the corrected table, hereinafter called the Absolute Apportionment Table, shall become absolute, and the figures appearing therein opposite the name of each county in the Absolute Apportionment Table shall be the share of that county in the Guarantee Fund, and the respective constituent portions thereof for the year to which the table relates (i.e., the then preceding year.)

Adjustment of Payments. 9. When it appears from a comparison of the Provisional and Absolute Apportionment Tables for any year that a county has been overpaid or underpaid on foot of its share in the Guarantee Fund or any constituent part thereof, the deficiency or excess, as the case may be, may be added to or deducted from the amount payable to that county in respect of the share under the Provisional Apportionment Table for the succeeding year, or any constituent part of such share.

Provided that such deficiency or excess shall be primarily charged against or credited to the constituent part of the Guarantee Fund in respect of which the error was originally made.

Adjustment of charges on the Guarantee Fund as between Counties. 10. A charge on the Guarantee Fund shall be met, in the first instance, by an advance from the Probate Duty Grant, and if that be exhausted, from the Exchange contribution, and so forth from the constituent parts of the Guarantee Fund, in the order specified in Section 5 of the Act.

The amount of such advance shall be deducted from the first monies which shall become payable to the defaulting county hereinafter mentioned, in respect of its share in the constituent part of the Guarantee Fund applicable to the advance, and if in any year the undistributed portion of such constituent part is insufficient for this purpose, the deficiency shall be deducted from the first monies which shall become payable to such defaulting county in respect of the same constituent part of the Guarantee Fund in the succeeding year.

Any such advance shall, as between the counties, be borne by the county in which is situate the holding in respect of which such charge has accrued (hereinafter called the defaulting county), and shall be charged on the share of such county in the respective constituent parts of the cash portion of the Guarantee Fund, in the order specified in the said 5th section.

Provided always that, in the event of the charge against a defaulting county being in excess of its share in the cash portion of the Guarantee Fund, such excess shall be temporarily charged pro rata against the shares of the other counties in the respective constituent parts, in the specified order, pending the levy upon such defaulting county under Section 6, Sub-section 3 of the Act.

11. A charge on a county share in the Probate Duty Grant shall be rateably deducted from the amounts which would otherwise be payable thereout to the Guardians of the Unions and Road Authorities in respect of whole areas, or parts of interesting areas, situate within the county, and any deficiency shall be a charge on the county share in the Dublin Society portion of the Grant.

12. The share of a county in the Probate Duty Grant, and the respective portions thereof, shall be ascertained as follows (that is to say):—

- (i.) In the Probate Duty (Dublin Society) Grant (whereof only a portion is distributed on the basis of county allotment), the share of a county shall be calculated on the prescribed basis, and ascertained in the prescribed manner, with this modification, that for the purpose of this provision it shall be assumed that the part thereof assigned to the counties is distributable amongst them in the like proportions as the part distributed by way of county allotments.

The Dublin Society shall be the Administrative Authority to furnish the prescribed Estimate and prescribed Account with reference to this portion of the Grant.

- (ii.) The share of a county in the Probate Duty (Poor Law Union) Grant, and in the Probate Duty (Road) Grant, respectively, shall be calculated on the prescribed basis, and ascertained in the prescribed manner, and the Chief Secretary shall be the Administrative Authority to furnish the prescribed estimate and prescribed account with reference to these portions of the grant.

13. Special Regulations respecting Congested Districts Counties, and counties of Counties at large.

Now, therefore, we, Robert Offley Ashburton, Baron Houghton, Lord Lieutenant General and General Governor of Ireland, in pursuance of the powers vested in us as aforesaid, do hereby direct that the following regulations shall be observed in the application of sums paid out of the county percentage towards the cost of labourers' cottages in counties, as provided for in the said fourth section of the Purchase of Land (Ireland) Act, 1891:—

1. The distribution of the sums lodged to the credit of the Local Taxation (Ireland) Account from the Guarantee Fund (which sums shall constitute and be hereinafter referred to as the Labourers' Cottages Fund) to be applied, in pursuance of the above mentioned section, towards the cost of providing labourers' cottages in counties, as defined by the Act, shall be suspended in the case of any county, excepting a congested districts county, until the sum lodged to the credit of such county for the purpose aforesaid shall have amounted to at least 250*l.*, and, in the case of a congested districts county, until the sum lodged shall have amounted to at least 100*l.*

2. The Labourers' Cottages Fund shall be applied towards the cost of labourers' cottages provided subsequently to the date of the creation of the fund, and it shall be deemed to have been created in each county on the date upon which the first payment shall have been made from the Guarantee Fund to the Local Taxation (Ireland) Account for the purposes of the part of the Labourers' Cottages Fund applicable to such county.

3. The sum accruing to a county shall not necessarily be distributed among all the unions wholly or partly situate in such county, but shall be divided among those within which cottages may be provided, as referred to in Regulation No. 2, and in the proportion which the number of such cottages as provided in each union bears to the total number of cottages so provided in the whole county.

4. The second and each subsequent distribution of the Labourers' Cottages Fund shall, likewise, be in proportion to the number of cottages provided since the creation of the fund, as hereinbefore mentioned.

5. The guardians of a union receiving any moneys out of the Labourers' Cottages Fund shall distribute the same amongst the electoral divisions of the union situate in the county in respect of which such moneys are paid, in proportion to the liability of each division in respect of the cottages provided, but so that no cottages situate in any part of an electoral division outside the county in respect of which such moneys are paid shall be taken into account. And so also that none of such moneys shall be applied for the benefit of any part of an electoral division situate outside the said county.

6. For the purposes of these regulations, cottages shall be deemed to have been "provided" when they are certified to be ready for occupation.

7. Subject to the foregoing regulations, the Labourers' Cottages Fund shall be primarily applied towards the payment of any maintenance or instalments due on account of, or towards the payment or redemption of any balance remaining due on foot of, loans contracted in respect of such cottages as aforesaid, in the order of priority of such loans, provided that the Local Government Board may, before or instead of so doing, apply any part of the fund in discharge of any debts of the union in respect of such cottages.

8. Should the sum standing to the credit of any county have reached the amount mentioned in Regulation No. 1, and no cottages have been provided within any union wholly or partly situate within such county, such sum shall continue to accumulate in the Local Taxation (Ireland) Account until we shall otherwise direct.

9. The Local Government Board, on receipt of a return from us of the sums available for a distribution in each county, shall, having due regard to Regulation No. 1, furnish to us, as soon as may be practicable, a schedule showing the amounts to which unions in such county are severally entitled.

10. The sums payable to such unions respectively, as shown by the schedule so furnished to us by the Local Government Board, shall be paid out of the Local Taxation (Ireland) Account in the Bank of Ireland, by orders made by us on the Governor and Company of that bank, to the Commissioners of Public Works or to the boards of guardians of such unions (as the case may be), excepting in the case of any union in which an Inspector of the Local Government Board may have been invested with the powers of the board of guardians (the sanitary authority), under the labourers (Ireland) Acts, in pursuance of the provisions of the Labourers (Ireland) Act, 1891. Where an Inspector shall have been so invested, as aforesaid, the amount shall be paid to the treasurer of the union, to be placed by him to the credit of an account to be called the Labourers Acts Account, and to be issued on cheques signed by the Inspector and countersigned by the clerk of the union.

11. Nothing in these regulations contained shall limit, or in any way affect, our right, on any representation made to us by the Local Government Board for Ireland that the whole or any part of the Labourers' Cottages Fund cannot with advantage be applied towards the cost of providing labourers' cottages, to order the same to be applied as if it were part of the share of a county in the Irish Probate Duty Grant.

12. In the construction of these regulations the word "county" includes a congested districts county.

13. These regulations shall continue in force until amended, altered, or revoked by any subsequent regulation which may be made by us.

Given at Her Majesty's Castle at Dublin, this 29th day of April 1895.

By his Excellency's Command.

(4) REGULATIONS, dated the 22nd March, 1897, made under Section 5 (3) (b) of the Purchase of Land (Ireland) Act, 1891, relative to the Exchequer Contribution.

THE PURCHASE OF LAND (IRELAND) ACT, 1891.

EXCHEQUER CONTRIBUTION REGULATIONS.

By the Lord Lieutenant-General and General Governor of Ireland.

CADOGAN.

Whereas it is enacted by Section 5 (3) (b) of the Purchase of Land (Ireland) Act, 1891, that the Exchequer contribution to the Guarantee Fund established by the said section shall be carried to a reserve fund until £100,000 shall have been so earned, and so far as not required for that purpose shall be paid to the Local Taxation (Ireland) Account, established in pursuance of the Probate Duties (Scotland and Ireland) Act, 1888; and that the share of the Municipal Boroughs to which the said Purchase of Land (Ireland) Act, 1891, does not apply shall be ascertained and applied as if it were part of the Irish Probate Duty Grant, and that the residue shall be divided between the counties so nearly as may be in the proportion of the shares of the counties in the Irish Probate Duty Grant, and that such residue shall be applied towards the cost of providing labourers' cottages in the several counties under the Labourers (Ireland) Acts, 1885 to 1886, on such terms and conditions and subject to such regulations as the Lord Lieutenant thinks expedient, save that where it appears to him, on the representation of the Local Government Board, that the whole or any part of such residue applicable to any county cannot with advantage be so applied, he may order the same to be applied as if it were the share of the county in the Irish Probate Duty Grant.

And whereas, having regard to Section 5 of the said Act of 1888, the share of each such Municipal Borough is to be ascertained as follows:—It shall bear the same proportion to one-half the sum available for distribution as the expenditure of such Municipal Borough out of any cess or rate on roads and bridges during the year ended the 31st December, 1887, as certified by the Local Government Board for the purpose of the distribution of the Irish Estate (formerly the Probate) Duty Grant, bears to the total of such expenditure by road authorities in Ireland.

And whereas the proportion of the shares of the counties in the Irish Estate (formerly Probate) Duty Grant is, having regard to the said 3rd Section of the said Act of 1888, the proportion which the expenditure of the Grand Jury of each county out of any cess or rate on roads and bridges during the year ended the 31st December, 1887, as certified by the Local Government Board for the purpose of the Estate (formerly the Probate) Duty Grant, bears to the total of such expenditure by Grand Jurors.

And whereas it is enacted by Section 39 of the Land Law (Ireland) Act, 1896, that the power conferred on the Lord Lieutenant by the said 5th Section of the Purchase of Land (Ireland) Act, 1891, to make regulations for the application of the moneys therein mentioned towards the cost of providing labourers' cottages, is thereby extended to include a power to make regulations for the application of those moneys towards defraying any costs incurred at any time after the passing of the said Act of 1891 in providing such cottages.

And whereas the Labourers (Ireland) Act, 1891, the Labourers (Ireland) Act, 1893; and the Labourers (Ireland) Act, 1896, are construed as one with the Labourers (Ireland) Acts, 1885 to 1886.

Now, therefore, We, George Henry, Earl Cadogan, Lord Lieutenant-General and General Governor of Ireland, in pursuance of the powers vested in Us as aforesaid, do hereby direct that the following regulations shall be observed in the application of the share of each of the counties in Ireland in the said residue of the Exchequer contribution:

1. In any county where costs shall have been incurred at any time after the passing of the Purchase of Land (Ireland) Act, 1891, in providing labourers' cottages under the Labourers (Ireland) Acts, the share of the residue of the Exchequer contribution accruing to such county shall be distributed amongst the unions wholly or partly situated in the county in which such cottages shall have been provided, in the proportions and subject to the conditions hereinafter set forth.

2. Each distribution of a share of the residue of the Exchequer contribution in a county in which cottages under the Labourers Acts shall have been provided since the passing of the Purchase of Land (Ireland) Act, 1891, shall be in proportion to the amount of expenses, exclusive of expenditure from loans, but inclusive of repayments to the Commissioners of Public Works on account of loans, paid by the Boards of Guardians of such unions in respect of such cottages during the year ended the 29th of September preceding the year in which the distribution is made.

3. The sum accruing to a county in which costs shall have been incurred at any time after the passing of the Purchase of Land (Ireland) Act, 1891, in providing labourers' cottages under the Labourers (Ireland) Acts, shall, subject to the conditions hereinafter mentioned, be divided among those unions within which cottages shall have been provided, and in respect of which expenses shall have been paid or become payable during the year preceding the year of distribution as mentioned in the foregoing regulation.

4. For the purpose of these regulations cottages shall be deemed to have been "provided" when they are certified to be really *de facto* cottages.

5. When the amount due by any Board or Boards of Guardians on account of loans, or otherwise, in respect of cottages provided since the passing of the Purchase of Land (Ireland) Act, 1891, is less than the amount of the share or shares of such Board or Boards of Guardians of the said residue of the Exchequer contribution, according to these Regulations, such Board or Boards of Guardians shall only receive, respectively, the actual amount or amounts due by them in respect of such cottages, including any principal of loans remaining unpaid, and the balance or balances of the share or shares shall remain to the credit of the Local Taxation (Ireland) Account in the Bank of Ireland until We shall otherwise direct; and, in any county where costs shall not have been incurred at any time after the passing of the Purchase of Land (Ireland) Act, 1891, in providing labourers' cottages under the Labourers (Ireland) Acts, the share of the residue of the Exchequer contribution accruing to such county, ascertained in the manner above described, shall, likewise, remain to the credit of the Local Taxation (Ireland) Account in the Bank of Ireland until We shall otherwise direct.

6. Subject to the foregoing regulations the said residue of the Exchequer contribution applicable towards the cost of providing labourers' cottages under the *Labourers (Ireland) Acts*, shall be primarily applied towards the payment of any instalment or instalments due on account of, or towards the payment or reduction of any balance remaining due on foot of loans contracted in respect of such cottages in the order of priority of such loans; provided that the Local Government Board may, before or instead of so doing, apply any part of the said residue in discharge of any debts of the union, in respect of such cottages.

7. The guardians of a union in which costs shall have been incurred at any time after the passing of the *Purchase of Land (Ireland) Act, 1891*, in providing cottages under the *Labourers (Ireland) Acts*, shall distribute any moneys received by them out of the said residue of the Exchequer contribution amongst the electoral divisions of the union situate in the county in respect of which such moneys are paid, in proportion to the amount chargeable to each such electoral division during the year in respect of which the distribution is made on account of the cottages thus provided, but so that no cottages situated in an electoral division outside the county in respect of which such moneys are paid shall be taken into account.

8. The Local Government Board on receipt of a return from Us of the sum available for distribution each year shall furnish to Us, as soon as may be practicable, a Schedule showing the amounts to which unions in each county are severally entitled.

9. The sums payable to such unions, respectively, as shown by the Schedule, so to be furnished to Us by the Local Government Board, shall be paid out of the Local Taxation (Ireland) Account in the Bank of Ireland by Orders made by Us on the Governor and Company of that Bank, to the Commissioners of Public Works or to the Boards of Guardians of such unions (as the case may be), except in the case of any union in which an Inspector of the Local Government Board may have been invested with the powers of the Board of Guardians (the sanitary authority) under the *Labourers (Ireland) Acts*, in pursuance of the provisions of the *Labourers (Ireland) Act, 1891*. Where an Inspector shall have been so invested, as aforesaid, the amount shall be paid to the treasurer of the union to be placed by him to the credit of an account to be called the *Labourers' Acts Account*, and to be issued on cheques signed by the Inspector and countersigned by the clerk of the union.

10. Nothing in these regulations contained shall limit, or in any way affect Our right, on any representation made to Us by the Local Government Board that any part of the said residue of the Exchequer contribution cannot with advantage be applied towards the cost of providing labourers' cottages, to order the same to be applied as if it were the share of the county in the Irish Probate Duty Grant.

11. These regulations shall continue in force until amended, altered, or revoked by any subsequent regulation which may be made by Us.

Given at Her Majesty's Castle at Dublin, this 22nd day of March, 1897.

By His Excellency's command.

D. HARREL.
